COMPANY OVERVIEW

Established in 1981, RHO specializes in Information Technology services to the Government and its Prime Contractors. RHO delivers information technology systems, processes and solutions for information management technologies, systems management and application technologies. We leverage our technical expertise and deliver exceptional Information Technology Consulting, Staffing and Project Management services for **our clients' time sensitive and mission critical applications** on a national level.

We achieved primary vendor status with government and large corporations for 18+ years, a proven track record for success. RHO has a history of repeat clients – government, publicly traded and private. Our core team has been working together for over 20+ years.

PAST PERFORMANCE

DIFFERENTIATORS

As technology is continually changing, RHO recognizes the importance of having exceptional talent and technical SME's on staff.

Additional keys that dictate the success of our company:

- **Streamlined Business Processes**
- **Internal Quality Assurance Program**
- **Ability to Rapidly Staff Multiple Projects**
- **Meeting Program & Project Management Deadlines**

Our technical recruiting team utilizes rigorous screenings including team interviewing, technical testing, interpersonal and communications skills assessments. RHO verifies experience, certifications and education. Drug testing, background checks and reference confirmations are mandatory.

RHO has established risk management controls, reviews, client & team meetings, weekly task plans, client account managers, processes and resolutions that enable us to support our clients and ensure our clients' successes.
